**SUPPLEMENT TO THE APPEAL BRIEF FILED UNDER 35 U.S.C. §134**

Dear Sir:

Further to the Notice of Non-Compliant Appeal Brief dated March 28, 2006 and in compliance with the requirements set forth in the Manual of Patent Examining Practice §1205.03 (B), Appellants submit herewith a paper providing a summary of the claimed subject matter as required by 37 CFR 41.37(c)(1)(v). This paper is supplemental to the Appeal Brief filed on February 8, 2006.

(5) Summary of claimed subject matter

The claimed invention relates to a holding clip (1.4) for fixing the position of a getter (16.4) in a container (18, 19.4) and includes one independent claim, namely claim 1.

Independent claim 1 is generic to the elected Species of Figures 4-6, as well as the non-elected Species of Figures 1-3.

For the convenience of the Board, Figure 5 of the elected Species is reproduced below and is marked to include all reference numbers used in this Summary of the claimed subject matter.

The claimed invention as set forth in independent claim 1 advantageously provides a holding clip (1.4) that simply and easily fixes the position of the getter (16.4) with respect to the holding clip and fixes the getter in the container (18, 19.4). The claimed holding clip (1.4) is characterized by ease of mounting and handling, as well as minimizing the effort in construction and production for such a holding clip. See page 2, lines 11-17.

The claimed holding clip (1.4) fixes the position of a getter (16.4) in an inner surface of a container (18, 19.4). The claimed holding clip (1.4) includes a first section

(2.4) for supporting the getter (16.4), a second section (11.4, 12.4) for supporting the first section (2.4) in the inner surface (20) of the container, and a flexurally rigid connection (21) connecting the first and second sections. The flexurally rigid connection (21) and the first and second sections (2.4, 11.4, 12.4) are elastically deformable to brace the getter (16.4) in the first section (2.4) and to brace the second section (11.4, 12.4) in the inner surface (20). See page 8, lines 3-9 and page 12, line 17 to page 13, line 9.

Summary

In view of the above supplement to the Appeal Brief, Appellants respectfully request that the Board of Appeals reverse the final rejections of claims 1 through 7 and 11 through 13, and rejoin withdrawn claims 9 and 10, thereby enabling all of the pending claims to be allowed.
